# ZACHRY ENGINEERING EDUCATION COMPLEX

## Transforming Engineering Education

Located at the intersection of University Drive and Bizzell Street, the Zachry Engineering Education Complex is the largest academic building on the Texas A&M University campus. The Zachry building, home to the Texas A&M College of Engineering, is unlike any other facility in the nation.

The 525,000-square-foot complex completely modernized the original Zachry Engineering Center that it replaced. The current Zachry building includes the additions of the SuSu and Mark A. Fischer '72 Engineering Design Center and expansive instructional labs.

The complex revolutionizes the way we deliver education to our undergraduate students with its student-centered design and modern learning techniques and technology.

# PLACES TO VISIT ON CAMPUS

Texas A&M University's College Station campus offers many activities and attractions for students, faculty, staff and visitors. Stop by one of our many landmarks or historical buildings, catch entertainment at the Rudder Theatre Complex or visit one of our outdoor recreational spaces.

## Academic Building

The Academic Building has been a familiar campus landmark for Aggies since its construction in 1914. It was built on the site of the Old Main building, which was destroyed by a fire in 1912. The foyer features a mosaic installation of Texas A&M's seal donated by the Class of 1978. You can also find a replica of the Liberty Bell in the building's rotunda.

## Century Tree

The Century Tree is a live oak near the Academic Building that was likely planted around the turn of the 20th century. Tradition says that if a couple walks together under the Century Tree, they will eventually marry. Likewise, if a proposal takes place under the tree, the marriage will last forever. It has been the site of many marriage proposals, weddings and photographs.

## Military Walk

Military Walk is a quarter-mile walkway that winds through the heart of campus, passing many landmarks along the way. Starting as a dirt road in the 1880s, it was paved in the early 1900s and became a series of sidewalks in 1970s. Military Walk was restored in 2010 with brick and limestone pavers and historical markers noting Texas A&M's long history.

## Aggie Park

Aggie Park spans 20 acres between the Clayton W. Williams, Jr. Alumni Center, Houston Street, the John J. Koldus Building and Throckmorton Street. The park is an outdoor space for students and visitors to study, relax, tailgate, and enjoy entertainment and recreation. It includes an outdoor amphitheater, water features, an ice cream shop and a performance pavilion.

## Kyle Field

Texas A&M's Kyle Field has been the home of the Aggie football team since 1905. It now brings more than 100,000 fans each week to watch Aggie home games. From 2014-15, the stadium underwent an extensive remodeling project. It now features an expanded seating capacity of 102,733, making it one of the five largest stadiums in collegiate football.

## The Gardens

The Gardens is a beautiful 27-acre public garden and green space on Texas A&M's West Campus. Various themed spaces are used for teaching, research, extension programming and community engagement. The completed part of The Gardens is the Leach Teaching Gardens, which feature 21 themed gardens on seven acres behind the Texas A&M AgriLife Complex.

## George H.W. Bush Presidential Library and Museum

The George H.W. Bush Presidential Library and Museum preserves and displays the records and artifacts of George H.W. Bush, the 41st president of the United States, and showcases much of U.S. history since 1941. The museum opened to the public on Nov. 7, 1997, and is one of 13 presidential libraries in the United States.

## Rudder Theatre Complex

The Rudder Theatre Complex includes an auditorium, theatre, exhibit hall, meeting facilities and box office. At 11 stories high, Rudder Tower offers picturesque views of the Texas A&M campus and houses the Appelt Aggieland Visitor Center. Rudder Auditorium hosts events such as Broadway productions, concerts, movies, conferences, commencement ceremonies and recitals.
